Coronavirus – Updated Advice to Players

Australian Government Health has updated its advice regarding Coronavirus as of February 1, 2020:

- … all travellers arriving out of mainland China (not just Hubei Province) [are] asked to self-isolate for a period of 14 days from the time they leave mainland China.

Consequently, Coburg Table Tennis Club requests that, until further notice, anyone who has recently visited China avoid coming down to the club until 14 days have lapsed from their date of departure from China and provided they are not symptomatic.

Your cooperation in this matter is appreciated.
